ABOUT THREE YEARS AGO

I purchased fourteen lots in what was originally a part of the T. Moore Jackson's Chestnut street property. It was my original intention to build small cottages on each of these lots as a renting proposition, and have built eight houses there which are all rented, but in spending money in developing property in other parts of the city, I have neglected the advantages of Elk Terrace. Not because it is not a paying investment, for it certainly is, but for the reason that I cannot build on all of the vacant property that I have, and now as I wish to spend the money in developing another line I have decided to put on the market the six lots not built on in Elk Terrace. I am going to offer these at prices far below their actual values to move them, and move them quick. I will sell these lots at from \$250 to \$300 each, and I am going to put even this low price on the installment plan to give the man with only a small amount of ready cash a chance to secure a lot and build a home if he so desires; therefore, the terms are to be \$25.00 and \$30.00 cash, and the balance of the unpaid purchase money can be paid at the rate of \$10.00 per month. Now these lots are not level, but you can build a house on any one of them, and when you get this house and lot paid for you can trade it, or sell it for a more desirable home, but this will give you the chance to get a start in life. You are paying rent now, and what is more, you always will be, unless you start now to become a real estate owner. I will pay the taxes for you until you pay for your lot, and help you to build a home. These cottages rent for \$15.00 per month. Great chance for investors. 10 per cent off for spot cash. Come to the office.
